

KAUNAS HANSEATIC DAYS 2018

The birthday of Kaunas City is one of the most famous cultural events of Kaunas, organized for several years in a row. In 2018, the 610th anniversary granting of Magdeburg rights is coming up, which is incredibly important date for Kaunas city. Kaunas is the only city in Lithuania that is now part of the New Hanseatic City Union, giving the celebration a medieval identity, which distinguishes this event from any other Lithuanian town holidays. The audience is invited to get acquainted with the culture, music, dances, plays, games, crafts, knights of that time, who fight in the international tournament to win the captain of the Lithuanian Armed Forces.
